The spectators are advised and always get the grand stand and tonight they will be all new.

GREENVILLE WON AGAIN.

Making Three Straight Games From Commerce This Week.

The report of the game at Commerce was given in the Herald. It was a victory for Greenville. The fact remained, however, that it made two games for Greenville and left one for Commerce. The Greenville team won again yesterday by a score of 6 to 5, making three straight games won over Commerce on their own diamond.

The batteries were for Greenville: Shindle, Wille and Buster; Commerce: Gardner and Naylor.

It is understood that the Commerce team comes here today for three games.

Our boys are playing the best and fastest games of any independent team in the state, and have only one team to play with that is all in their class and that is Wichita Falls.

There should be a big turn out to day as a mark of appreciation of the people of the city for the team. The Greenville players are as enthusiastically set at as can be found, and play a good, clean game. Let the game today be a benefit game. Money is needed to pay salaries. There are many good subscriptions, but a benefit to the boys will be of great advantage.

There are still games to be played with Nacogdoches and Wichita Falls, in favor of the National amusement. It will have a chance to see a number of splendid games yet this season.

A HIGH HONOR.

Mrs. C. B. Jones Elected to Office at Chattanooga.

Mrs. C. B. Jones has been elected president of the Chattanooga Methodist Association. The association is composed of Methodist churches in parts of the United States and foreign countries. Mrs. Jones is the first Southern woman who has ever been president of the association. The duties of the president are largely social. It is the custom of the association to give a reception every week for the purpose of meeting more closely in Christian fellowship and acquaintance the Methodist people who visit Chattanooga. The hostesses are appointed each week by the president who is chairman of each committee. Mrs. W. M. Bashorrell of Nashville, Tenn., a daughter of Bishop McIntyre, is first vice president.

The election of Mrs. Jones is a deserved compliment and the news will be received with pleasure by her many friends.

A NEW INSURANCE BILL

MEASURE BY BAKER SAID TO MEET WITH FAVOR.

Believed That the Senate Will Refuse to Confirm Hawkins as a Favor to Senator Hudspeth.

Austin, Tex., July 27.—Representative Baker of Texas county this morning introduced a bill in the House creating a Fire Rating Board. The measure was signed by eleven others and provides a maximum and minimum rating of fire insurance.

It is intended to take the place of the law just repealed. The bill is much similar to that introduced in the Senate.

Additional bills to the insurance companies' favorability given the administration this morning of that committee and this bill is believed to insure a favorable report on the Baker measure.

At noon the Senate went into executive session to consider the appointments of Commissioner Hawkins which was sent in by the governor. The measure was introduced in the Senate in committee of the whole heard testimony by Hawkins although it is believed on good authority that the Senate will refuse to confirm Mr. Hawkins. It is explained that this bill is adopted as a favor to Senator Hudspeth, rather than giving two votes to the measure.

Appointments Sent to Senate.

Austin, Tex., July 27.—The appointments made during the vacation of the legislature were sent to the Senate this morning by Gov. Campbell, including the following: J. P. Lightfoot, Attorney General; Felix J. McCord, State Court Criminal Appeals; A. M. Burton, Principal Agent of the Penitentiary; John A. Mohney, Assistant Attorney General; R. V. Hasty and H. L. Wright, members of the Fire Rating Board; E. M. V. Vane, Superintendent of the State Prison; W. H. Key, Chief Justice of the Court of Civil Appeals; C. H. Jenkins, Justice of the Court of Civil Appeals. The Senate will likely confirm these appointments.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitution of remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, unless case out of the ear is caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. P. J. CHENEY & CO., Toledo, O.

WILL CHANGE LOCATION.

F. M. Raikes Makes Interesting and Important Announcement.

On September first we will move our store across the street from where we are now located, into the building now occupied by the Bethell-Sockwell Hardware and Implement Company.

We will be glad to meet all of our friends and customers in our new location where we will be better prepared to take care of your wants in our furniture and stove lines. We will continue to carry second hand goods with a complete line of new furniture of the latest designs and patterns, and at prices to please all.

Our past work is "Satisfaction." By getting this building we have secured one of the largest and best business houses in the city, and will in the future do as we have in the past, strive to please. Our business has grown up in the past two years that our present location is too small to take care of the wants of our most valuable trade for which we wish to thank the public in general for their liberal patronage.

When in our new location we will have a model rest room for the ladies where they are welcome to come and bring their children, and where you will find plenty of good water and chairs to rest. When in town make our store your store. You are welcome all the time.
